Mrs. Host asked about the whole grade gifted testing and if the 2nd grade was left out. Mrs. Miles responded that Star Reading is a screener test and will be utilized to identify 2nd grade students.

Mr. Rocchi explained that the 3rd grade retention requirement was the main reason we are focusing on professional development in K-3 with Step-By-Step.

Mr. Cottrell asked if after the kindergarten screening there would be a report comparing students in our preschool with those who attended other area preschools. Ms. Hall responded that that information is being compiled and will be presented at the June meeting.

Treasurer's Report – Mrs. Statler discussed the following: She updated the 5-year forecast and assumptions that were approved in October; the proposed biennial budget which will effect funding in Fiscal Years 2018 and 2019 is still pending and is significant as 78% of the district's funding is received from the Ohio Department of Education; the County Auditor performed a reappraisal in 2016 which increased total assessed valuation to 176,039,970; this means that 1 mill will now generate $176,000; the cash balance at the end of April was $7,915,334 which is $1,000,000 high then 1 year ago and is a good trend; we are currently 83% of the way through the year and actual receipts and expenditures are in line with estimates; Board policies are now available on-line and can be accessed on the Board of Education page; and, she is applying for the Community Eligibility Provision (CEP) which is a program whereby all students, regardless of income, are eligible for free breakfast and lunch. To be eligible, at least 40% of students must be identified as low income via the direct certification process. Prior to the reconfiguration, only certain elementary buildings were eligible but now with grade level buildings, all students will be eligible.

Mr. Cottrell asked about the overall value of the district. Mrs. Statler responded that there is an actual value and an insurable value but she did not know the exact figure. She explained that an appraisal company did an analysis and her office updates that figure on an annual basis based on additions and deletions.

Mr. Abbuhl asked about the 2 Then & Now Certificates and why they were needed for the ESC and legal counsel. Mrs. Statler explained that the ESC was due to an increase in placement at Star Alternative School. The legal increase was due to an increased use of legal counsel especially with 2 contracts being negotiated.

This resulted in a need for additional abatement and an additional cost. After an analysis was done it was determined that the roof contained asbestos. Three quotes were received and Astar had the low amount and is included on the addendum for approval. Once the contract is approved the required 10 day notice will be made and abatement can then begin.
